

Human Erythropoietin Protein (EPO)

Catalog number:	P2010011
Lot number:	0119P0011
Expiration date:	04/07/2023
Package Size:	25 µg
Synonyms:	MVCD2 protein, EPO protein, EP protein
Source:	Recombinant (insect cells)
Molecular Weight:	20 kDa
Concentration:	250 µg/mL
Buffer:	PBS + 10% Glycerol
Storage:	-20°C or lower. Avoid repeated freeze-thaw.
Product Description:	Erythropoietin Protein (EPO) is glycoprotein belonging to the cytokines type I family and produced primarily by the kidneys. EPO plays a major in the regulation of red blood cells production. Applications of this product include ELISA and SDS-PAGE. For research use only.

WARNING: This product is for **Research Use Only (RUO)**. This product is not for administration to humans or animals. This product is not for human or veterinary diagnostic or therapeutic use.

SAFETY: User must review the **Material Safety Data Sheet (MSDS)** provided with this product. In addition, this product should not be ingested, inhaled, swallowed or put in contact with eyes, skin or clothes. Furthermore, as a universal safety precaution, we recommend that this product be treated as hazardous until information to the contrary becomes available.

WARRANTY AND LIMITATIONS: Molecular Depot makes no warranty or guarantee of any kind (written, oral, expressed or implied) of the fitness or suitability of this product to any user's particular purpose or application. Furthermore, in no event will Molecular Depot LLC have any obligation or liability for any direct, indirect, incidental or consequential use of this product. All sales of this product are final and non-refundable.
